*Committed to Dental Excellence*

March 17<sup>th</sup>, 2020

To  
All Dental Professionals

Dear colleagues,

Sub.: Advisory

In the light of the COVID-19 outbreak, the Indian Dental Association strongly recommends all our dentists practicing in the country voluntarily suspend non-essential or non-urgent dental care up to 31 March 2020. IDA does not make this request lightly, and it is being done of an abundance of caution during this serious outbreak and historic public health emergency. We will continue to monitor developments around COVID-19 and will advise and recommend as new information becomes available.

We will cooperate and follow government advice to contain the spread of the virus in the country. Kindly forward this to all our in the dental fraternity.

Thank you,  
For Indian Dental Association  
  
Dr. Ravindar Singh  
President

  
Dr. Ashok Dhoble  
Hon. Secretary General
