Mr. Rajeev Attri
Under Secretary to Government of India
EHS Section
Room no. 514-B, A wing
Ministry of Health & Family Welfare
Nirman Bhawan
New Delhi - 110011

Sub: Revamping of Central Government Health Scheme (attention CGHS beneficiaries/other stakeholders)

Ref.: Letter no: Z 15025/78/2019/DIR/CGHS, Dept. of health & family welfare, Govt of India, MoHFW, 09 October 2019, Nirman Bhawan, New Delhi

Dear Sir,

Established in 1946, IDA is a premier organization of practising dental professionals in the country numbering over 70000. It is committed to attaining optimal oral health as a sine-qua-non for optimal general health in the country. Towards this end, it liaises with the government, corporate sector and other institutional agencies like the dental institutions and the NGOs. IDA organizes various projects and programmes through its 28 State Branches and 9 Union Territories with over 460 local branches and, in association with corporate agencies in the field of dental care and hygiene, educates and motivates the people on oral health and hygiene. The main focus is on pioneering prevention and interception of dental diseases rather than cure. By its dedicated approach to promoting dental education and research, IDA has been championing the cause of oral healthcare and hygiene in the country. Being an exclusive body of dentists in India, it effectively harnesses its vast resources aimed at attaining professional excellence in their day to day clinical and research activities and in making India the hub of oral healthcare destination of the world.

With reference to the subject and letter, Indian Dental Association (Head office) in consultation with its various State and local branches, welcomes the intention and commitment of MoHFW, Govt. of India in providing quality health care to the Central Government Health Scheme beneficiaries. Oral health professionals across our country are more than willing to provide, quality oriented maxillofacial, oral and dental treatment.

Hon. Joint Secretary

Dr. Sanjay S. Joshi

Committed to Dental Excellence

In order to provide the best quality care, however, we would like to draw your kind attention on the rising cost of living throughout country. Please also be informed that few undermentioned determinants, play a major role in deciding the price factor in providing treatment.

Same cost determinants (throughout country)

- Cost of dental materials
- 2. Cost of dental equipment
- 3. Cost of dental instruments
- 4. Cost of comprehensive and annual maintenance contracts (CMC/AMC)
- 5. Almost same cost of laboratory prosthetic work
- 6. Electrical appliances and branded furniture
- 7. Fee for accreditation of the clinical establishments

Variable cost determinants

- 1. Minimum labour wage for semi-skilled and skilled workforce (read receptionists, dental assistants, janitors etc) across various States and Union Territories
- 2. Electricity/water charges (commercial/residential)
- 3. Bio Medical Waste management and State/UTs pollution control board fee
- 4. Education and experience of oral health professionals
- 5. Other fees for procuring various licences as applicable in States and UTs
- 6. Rental values for residential and commercial spaces

Please find the proposed basic charges for various maxillofacial, oral and dental procedures as per the classification of cities (x, y and z category of Indian cities) as an attachment. IDA (Head office) representative will be very happy to present through a power point presentation as per your/senior officers' convenience, as regards to the rationale of pricing. Oral health professionals are doing their best to provide curative treatment to the citizens of our country and shall strive hard for better outcomes.

Sincerely yours

For Indian Dental Association

Dr. Ashok Dhoble
